Washington, June 28.—Acting from information received from Mr. Coollidge, the United States minister at Paris, tho cretary of war has bound an order relieving Capt. Horap, of the ordnance department, from further duty at the United States legation at Paris, and directing him to report to the war depart-

This netion was taken at the instance of the French government. Our officials do not believe that Capt. Borup is guilty of the charges against him and his recall is said to be due altogether to the request of the French government and in the interest of harmony.

Capt. Bornp's recall was not decided upon till the afternoon and it was said at the war department later that no one had been selected to succeed him. Pauls, June 28.-The American legation here has cabled to Washington asking the authorities to recall Capt. Borup, the military attache, who is ac cused of having procured plans and descriptions of French fortifications for
